

QASource Announces Version 2.0 Of QAOnDemand

PLEASANTON, CA, December 19, 2016 - Today [QASource](#), a leading software testing company, announced the launch of the newest version of QAOnDemand, QASource's official platform for on-demand software testing services. QASource launched QAOnDemand 2.0 on Monday, December 19, 2016.

When QAOnDemand users log in to the website, they will see improved and easy to use features. Some of these features include an updated dashboard, My Account page and job wizard.

"We're excited to re-launch the QAOnDemand application as an intuitive platform built specifically for startups and lean teams," said Jane Balsamo, Product Manager of QAOnDemand, a QASource company. "Our goal was to streamline the user interface so our customers can focus on what's most important - the top notch QA testing our engineers provide."

Short-term projects, startups and small teams would benefit from QAOnDemand's platform. QASource's on-demand software testing application is an easy, pay as you go QA solution that provides flexibility without sacrificing quality.

"Launching QAOnDemand will help QASource fill a hole in the marketplace," said Rick Rampton, Head of Client Success at QASource. "With this new on-demand testing platform, we can extend our services to organizations and companies that would not be able to hire full time QA teams or who only need QA on-demand."

If you are a startup, small team or have a short-term project and would like to find out more about QAOnDemand, visit [qaondemand.com](#). To find out more information about QASource, a leading offshore software testing company, visit [qasource.com](#).
